SIX MONTHS FOR CHAS. ROYAL

Charles Royal, a colored man who was held at the police station for several days on suspicion of having stolen a leather sofa pillow which he had in his possession when he was arrested, was given a hearing in police court today, and the court imposed a six months suspended sentence. According to his agreement with the court Royal is to leave town today and never return. Evanston, Wyo., is his probable destination.

CHAUTAUQUA PROGRAM IS PRAISED

An open letter has been addressed to the Utah Chautauqua assembly by O. J. Stilwell, secretary of the Ogden Publicity bureau, calling attention to the excellence of the program material for this year, and also complimenting the association on the handsome program booklet that has just been issued. In his letter Mr. Stilwell makes special reference to the fact that the booklet is straight reading matter instead of mix-up of reading matter and advertisement. Following is the communication:

"Utah Chautauqua Assembly, Ogden, Utah. Ladies and Gentlemen:

"A copy of the Chautauqua program has just come to my desk. It is well printed on good stock and has a dignity which is unusual in publications of this sort. The attention of the reader of the program will be centered upon Chautauqua and the excellent program which it sets forth and will not be divided among the numerous advertisements which it might have contained.

"As the publicity bureau is an advocate of the discontinuance of advertising which is intended to merely pay the cost of the medium in which it appears and from which the advertiser can hope to receive but scant returns, we desire to express our hearty commendation of the excellence of the program and the plan pursued in compiling the same.

"We believe that the merchants will more readily subscribe for tickets than for advertisements and that the Chautauqua Assembly will not be the loser by the rational method adopted in preparing its 1912 program. Yours truly, (Signed) O. J. Stilwell, Ogden Publicity Bureau."

BORAH NOT AFTER THE CHAIRMANSHIP

Chicago, June 18.—Senator Borah announced an hour before the convention assembled that Governor McGovern of Wisconsin and not himself, would be a Roosevelt candidate for temporary chairman. This decision was reached at a conference which Colonel Roosevelt had with his leaders before the colonel went to the coliseum.

YEE TOY IS MURDERED

Chinaman Said to be Tong War Leader Killed by Youth

New York, June 18.—Yee Toy, a wealthy member of the Hip Sing tong, said by the police to have been the tong war leader here, was assassinated at midnight by Yung Hing, a young Chinaman, as he stood in a crowd before the headquarters of the Four Brothers' society in Pell street. The assassin was arrested.

ANTI-SUFFRAGISTS ACTIVE. Chicago, June 18.—Another interesting battle loomed up in the Republican convention program today, when it was announced that the anti-suffragists would oppose the efforts of women who seek the right to vote, to have a suffragist plank placed in the national Republican platform. Led by Mrs. Arthur Dodge, a delegation representing the New York anti-suffrage society was expected in Chicago today to aid in the fight.

REPLY IS NOT GIVEN TO PUBLIC

In relation to a petition from J. W. Bailey, superintendent of the Ogden Rapid Transit company, Commissioner J. C. Nye of the city board of commissioners stated last evening that he had answered the petition and that there was no necessity for the board to act further in the matter. Mr. Nye, however, did not state to the board what his communication to Mr. Bailey contained and it was not read into the minutes.

The Bailey petition asked the board of commissioners to state in a written form what action the city would take regarding the proper grading of the streets where new car lines are to be established in case the roadbed is placed below the present surface of the streets. It was not made known whether Mr. Nye refused to comply with the request or whether he told the superintendent that the city would attend to the proper grading.

The question of extending the Wall avenue car line to Thirty-third street was again brought to the attention of the commissioners by a communication from property owners asking that the extension be made. The question was referred to the street department. It was stated by Commissioner Browning that the question should receive attention and arrangements made to have the extension perfected. The trouble seems to lie, the commissioners said, in that the grade will have to be changed considerably in order to permit the car system to be operated under the overhead crossing of the Bamberger road.

The matter of extending water mains to the city cemetery annex was referred to the street department and to Commissioners Nye and Fell.

The communication regarding the enlargement of conduits crossing Washington avenue near Eighteenth street, which convey water to farm lands in the northwestern part of the city, was referred to the superintendent of streets. Secretary Robert McChesney communicated to the commissioners that the conduits are not large enough to carry all the water needed on the farms and that the situation would have to be remedied to save the crops. The secretary did not state the name of the company he represents.

The petition of property owners asking for the extension of water mains on Twenty-ninth street, between Monroe and Madison avenues, was handed to the superintendent of waterworks.

The C. R. Hansen Employment company was granted a license to do business in the city and their bond in the sum of \$1,000 was approved.

SOME SOUTHERN PACIFIC MEN ACCUSED OF OIL LAND FRAUDS

San Francisco, June 18.—Some prominent officials of the Southern Pacific Railroad company are guilty of actual as well as constructive fraud in connection with the location of oil bearing lands in California, it was alleged today by a special assistant to United States Attorney General Wickham, said today. Mr. Mills arrived here yesterday from Washington to further the prosecution of the government's civil suit against the Southern Pacific of having patented, allegedly by fraud, 6,100 acres in Kern county. The land has been proved to be oil bearing, and is said to be worth \$20,000,000.

"We will not be able to prosecute the railroad officials criminally," added Mr. Mills, "because the fraud was committed prior to December 12, 1904, and the time necessary to make effective the statute of limitations has expired. We are, however, going to get at their books and show the fraud in all its details in the pending suit for the restoration of the land to the public domain."

There are three oil land cases pending against the Southern Pacific, and another is to be brought soon by D. B. Townsend, special assistant to Attorney General Wickham. Townsend is expected here July 20 to prosecute a suit involving 115,000 acres of land worth \$200,000. In this case Townsend will seek a court ruling that the exemption of mineral land in the patents saves such lands to the government in spite of the six years statute of limitations, which has expired.

WILL TRY TO STOP HABIT OF KISSING

Milwaukee, Wis., June 18.—The Milwaukee Physicians' association will father a bill for the next legislature intended to stop the practice of kissing and stamping the habit as a blot on civilization and a menace to health and decency.

The action was decided on at a meeting last night at which a dozen or more papers were read on the subject. A substitute for the practice offered was that of rubbing noses or forehead.

DEATH OF AN OLD-TIME OGDENITE

W. B. Murphy received a message this morning announcing the death of E. L. McKellips, a former resident of this city, which occurred at Berkeley, Cal. The message was from H. S. McKellips, brother of the deceased.

"Tom" McKellips will be remembered as a Southern Pacific engineer and conductor—one of the old-timers. His run was out of Ogden many years, but later he made his home at Carlin, Nevada, from where he moved to Berkeley three years ago.

He had suffered a nervous collapse and had been failing for a number of years.

He leaves a wife, two daughters and a son.

CONTRACTS WILL BE CALLED FOR

The plunge baths at the State School for the Deaf and Blind are to be remodeled at a cost of more than \$3,000, according to plans which were approved at the last meeting of the board of trustees. Bids for the contract will be called for during the coming week.

Bids for the erection of the new \$1,500 greenhouse are to be called for within a week, also, and the contract for both jobs at the state institution will call for their completion before the first of September.

THINK MABEL HITE WILL NOT RECOVER

New York, June 18.—Mabel Hite, the actress, who was operated on for appendicitis a week ago, is not likely to recover, according to a statement from her physicians today. Peritonitis set in late yesterday.

Miss Hite is Mrs. Mike Donlin, wife of the ball player, in private life. Miss Hite was born in Kansas City, where her father is a druggist.
